Fall 2016

To Our Valued Customer:

As predicted, the weather forecast was accurate for this summer's temperatures. Sadly, Fall is around the corner, and it's time to close the pools. We would like to express our gratitude for your continued loyalty. We know you have a choice and we thank you for choosing Hat City Pools. Our goal is to exceed your expectations.

Enjoy 10% off the following products during our **End Of Summer Sale!** Savings end September 30, 2016.

### **Loop-Loc Safety Covers:**

Made in the USA for the past 38 years, Loop-Loc II offers a super dense mesh that can withstand the weight of an elephant! With safety being everyone's main concern, it's nice to have that peace of mind.

If you need to replace your old safety cover, now is the time to replace it and save! Loop-Loc is the only winter safety cover Hat City Pools recommends. Available in 400 stock sizes, custom shapes and designer colors, there is a perfect choice for every customer. Call today for pricing. It's worth the investment.

### **AquaComfort Heat Pumps:**

These heaters feature green technology with no harmful emissions. They can heat water effectively in temperatures as low as 40 degrees. We highly recommend this heat pump to all of our customers who are looking to increase their swim season at a much more reasonable rate than propane heaters. Their Turboguard titanium heat exchanger is virtually immune to damage from unbalanced water. Swim longer with AquaComfort! All this and a 10 year warranty!! Use the link below to find out more, including an operating cost calculator.
